Mr. Bruce Campbell
United States Trustee's Office

Re: Case No. 10-10079; Robert Leon Lindsey and Connie Marie Lindsey; In the
United States Bankruptcy Court, Eastern District of Texas; Beaumont Division

Dear Bruce:

Please note that this case was converted from a Chapter 13 proceeding. The Debtors owned two businesses at the time of filing. Although the businesses themselves were not in bankruptcy, the Debtors' interest in those businesses were assets of their personal bankruptcy estate.

We spent a great amount of time trying to determine what happened to those assets. Ultimately, the Debtor had sold everything and turned the funds over to the IRS; and we were unable to recover those funds.

If you need any further information or explanation regarding this case, please feel free to contact me.

Thank you.
